THE HOUSE

A distinctive San Francisco setting

Built in 1876, this Queen Anne Victorian offers the warmth and character of a private home with the support of an experienced event team.

Exclusive use of the property creates a natural flow through the house, from meeting the chef in the kitchen to dinner in the main dining room and cocktails on the covered patio.

WHY NAKED KITCHEN

A private home with exceptional hospitality

Naked Kitchen pairs the warmth of a quintessential San Francisco Victorian with a deep connection to the city’s culinary scene. Guests feel like they are walking into an incredible dinner party, with an intimacy that restaurants and traditional venues rarely offer.

A ROSTER OF CHEFS, NOT A FIXED MENU

Many of our chefs once hosted popups in this space. That history allows us to shape each evening around the client, from elegant multi-course dinners and wine pairings to interactive culinary experiences and craft cocktails.

THE CULINARY NETWORK

Our exclusive chef network

Our signature offering is an immersive culinary experience that goes beyond a traditional dinner. Our roster gives us the flexibility to match each event with the right chef and shape the evening around the client.

GUESTS BECOME PART OF THE EXPERIENCE

They might watch a chef prepare a dish, gather around the counter for a tasting, learn to make pasta or pizza, explore a sommelier-led wine pairing, or enjoy a cocktail created specifically for the occasion.

We also love a beautifully executed multi-course dinner where the food speaks for itself. Either way, the evening feels less like going out and more like sharing an extraordinary culinary experience with friends.

DIETARY RESTRICTIONS

Our chefs can tailor menus to accommodate dietary needs. Please notify our team in advance so we can thoughtfully prepare for your requests.
